Prehospital Emergency Care

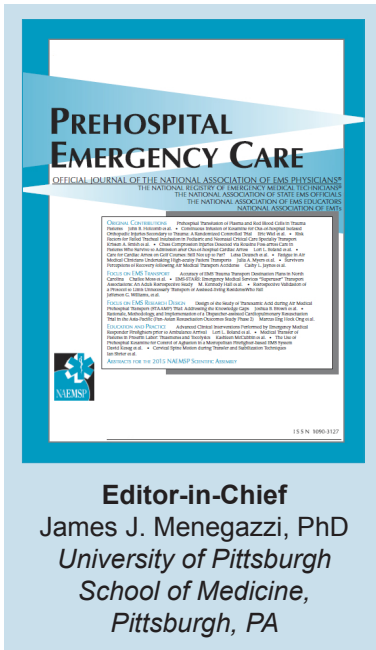

Official Journal of the National Association of EMS Physicians[®], National Association of State EMS Officials, National Association of EMS Educators, National Association of EMTs, National Registry of Emergency Medical Technicians, and National EMS Management Association

Prehospital Emergency Care is an authoritative resource delivering up-to-date clinical and research information on advances in medical care in the out-of-hospital setting. It provides cutting-edge articles on all facets of the EMS field.

A forum for original articles, the journal also features special sections on:

- Cardiac Arrest
- Case Conferences
- Education and Practice
- EMS Transport
- International EMS
- Military Medicine
- NAEMSP Position Paper
- Pediatric Pain
- Preliminary Reports
